# Five Year High-Stakes Testing Profile

# 2012

A Profile is a five-year, at-a-glance, highly detailed report containing important tables and graphs of relevant information. Each Profile includes demographic figures; including number of students enrolled by language proficiency levels, and socioeconomic status, as well as five years of STAR data including CAHSEE and CELDT. The data provided in a Profile allows schools and districts to make data-driven decisions about curriculum and instructional program effectiveness, therefore increasing student achievement.

## AYP Alternate Method Definitions

Code	Description	Details
CA	County Average	For schools with no results on tests used in AYP calculations or no graduation rate (if applicable), calculations were based on the school district averages. If no school district values are available, county-wide averages are used.
DA	District Average	For schools with no results on tests used in AYP calculations or no graduation rate (if applicable), calculations were based on the school district averages. If no school district values are available, county-wide averages are used.
CI	Passed using confidence intervals	Small schools and LEAs with fewer than 100 valid scores have adjusted AMOs to account for the small number of test scores. These schools and LEAs met the adjusted percent proficient criteria using a confidence interval methodology. Very small schools and LEAs with fewer than 11 valid scores have adjusted API criteria to account for the very small number of test scores. These schools and LEAs met the adjusted API criteria using confidence interval methodology.
CK	CAPA and CAHSEE only	Schools with CAPA and CAHSEE but no CST results have APIs based only on CAPA and CAHSEE.
CP	CAPA only	Schools with CAPA but no CST results have APIs based only on CAPA.
EN	Enrollment less than 50	School or LEAs with less than 50 students enrolled do not have participation rate criteria, and "Yes" is shown for school-wide or LEA-wide in the "Met 2006 AYP Criteria" column on the report.
ER	Enrollment 50 to 99	Small schools and LEAs with 50 to 99 enrollment have slightly adjusted participation rate criteria to account for the small numbers. Schools or LEAs with 50 students enrolled met participation rate criteria by having at least 47 students tested. Schools or LEAs with between 51 and 99 students enrolled met participation rate criteria by having a schoolwide or LEA-wide participation rate of at least 95 percent, but the rate is rounded up to the nearest whole number.
G1	Grade 11 only	High schools without grade ten CAHSEE results and no grade nine CST results but with grade eleven CST results that include at least 95 percent tested on CST Math have participation rates and percent proficient based on grade eleven CST results.
G9	Grade 9 only	High schools without grade ten CAHSEE results but with grade nine CST results have participation rates and percent proficient based on grade nine CST results.
KC	CAHSEE only	Schools with CAHSEE but no STAR or CAPA results have APIs based only on CAHSEE.
OT	Other	In very rare cases, special calculations may have been required due to unique situations.
PS	Pair and share	California testing begins in grade two. For schools with only kindergarten and/or grade one, the scores for the schools to which these students matriculate were used. This is also referred to as "pairing and sharing." For schools that do not supply pair and share data, the school district or county values are used (CA or DA).
PX	Proxy graduation rate	For traditional comprehensive high schools with no graduation rates, a proxy graduation rate was calculated based on the school's available CBEDS dropout and enrollment data for grades 9-11.
SH	Passed by Safe Harbor	The school, LEA, or subgroup met the criteria for Safe Harbor, which is an alternate method of meeting the AMO if a school, LEA, or subgroup shows progress in moving students from scoring at the below proficient level to the proficient level or above on STAR, CAHSEE, and/or CAPA.
UE	Passed by One Point Growth	The school had under eleven valid scores in one or both years but made at least one point growth in the API.
Y2	Passed by using 2-year average	Schools, LEAs, or subgroups that have not met AYP participation rate or percent proficient (AMO) criteria using a one-year formula met the participation rate or AMO using a two-year formula.
Y3	Passed by using 3-year average	Schools, LEAs, or subgroups that have not met AYP participation rate or percent proficient (AMO) criteria using a one- or two-year formula met the participation rate or AMO using a three-year formula.
YMA	Yes, met on appeal	The school, LEA, or subgroup met the criteria because its appeal was approved.
PEND	Pending	Pending related to graduation rate data.

# Annual Measurable Achievement Objectives

**All years are run with 2012 cohort rules to ensure comparability across years.**

<p>Disk Total = The total number of student records processed. Annual = The number of student records marked as Annual Assessment.</p>	<p>AMAO 1 - Percent of Students Making Annual Progress in Learning English Total = Number of students considered for AMAO 1. Progress = Number of AMAO 1 students making adequate progress. % = Progressing divided by Total. Yes / No = Met AMAO 1 target.</p>
<p>AMAO 2 - Percent of Students Attaining English Proficiency on CELDT Total = Number of students in AMAO 2 cohort. Proficient = Number of AMAO 2 cohort students achieving English Proficiency. % = English Proficiency divided by Total. Yes / No = Met AMAO 2 target.</p>	<p>AMAO 3 - Adequate Yearly Progress (AYP) for English Learner Subgroup ER = ELA - Met Participation Rate EP = ELA - Met Percent Proficient or Above MR = Math - Met Participation Rate MP = Math - Met Percent Proficient or Above</p>

General Info		Disk		AMAO 1 Target = 56.0%				AMAO 2A - Less than five years Target = 20.1%				AMAO 2B - Five or more years Target = 45.1%				AMAO 3			
Data Year	Formula Applied	Total	Annual	Total	Progress	%	Y/N	Total	Proficient	%	Y/N	Total	Proficient	%	Y/N	ER	EP	MR	MP
