Woodside High School

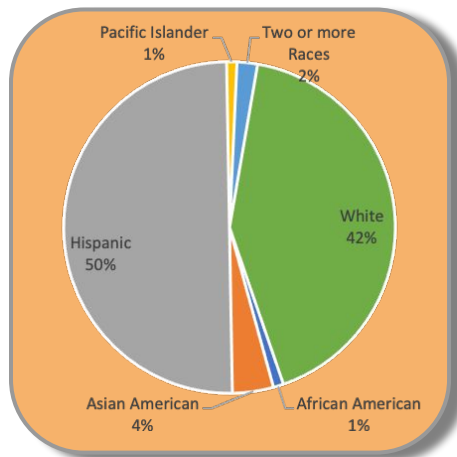

Sequoia Union High School District

2022-2023 School Profile

Woodside High School is a fully accredited four-year comprehensive secondary school that has been serving the communities of the mid-peninsula since its opening in 1958. The 34-acre campus lies just east of the Santa Cruz Mountains and is one of four comprehensive campuses in the Sequoia Union High School District. The District's total student population is approximately 10,000.

The mid-peninsula is an area of great economic diversity containing some of the most affluent and the most economically deprived communities in the state. Just north of Silicon Valley and Stanford University, Woodside High School is influenced greatly by the rapidly evolving business and cultural interests of the region. Over the past half-century, Woodside High School has emerged as one of the most dynamic and diverse comprehensive high schools on the San Francisco peninsula. We have been listed in Newsweek Magazine's list of top high schools, and offer one of the most rigorous advanced placement college preparatory programs in the region.

Our school community reflects the cultural and socio-economic makeup of California.

1,700
 students
 (440 seniors in 2022)

69 National Merit Scholarship winners
