David is a senior. His favorite class is Calculus BC and his favorite extracurricular activity is Animation, Game Design, and Computer Coding. His favorite food is Italian food. Next year, David will be majoring in Electrical Engineering at Santa Clara University. Ms. Finander is a WHS teacher who inspires his academic success because David says, “She’s helpful and teaches in a way that makes it easy for me to remember.” Of the “8 Conditions,” David’s favorite is Fun & Excitement because he says, “I like to have fun on campus and it’s nice learning things in a fun way, too.” Ms. Mehta says, “David was very worried about applying to four year colleges even though he had a scholastic ability to do so. He showed Confidence to Take Action when he decided to step outside his comfort zone as he applied and was accepted into the Electrical Engineering program at Santa Clara University. This is a great Sense of Accomplishment for David. He is now ready to embark on this new Spirit of Adventure as he completes his senior year and focuses on his dream college.”
