Alexander is a junior. He likes all of his classes. His favorite extracurricular activity is doing research for himself and others to help him later in life. While he can’t choose a favorite food, he does enjoy pecan cookies. In the future, Alexander wants to study further and help create jobs and opportunities. All of his teachers inspire his academic success because they all bring their humanity into their jobs and go above in beyond in their teaching. Of the “8 Conditions,” Leadership & Responsibility and Sense of Accomplishment are his favorite. Ms. Ken says, “Alexander showed Leadership & Responsibility and Belonging because he wants to contribute to a clean learning environment for all students. He exhibited Confidence to Take Action by cleaning ALL of the outside Library Tables and Chairs without being asked to. He is a Library/WHS Hero with a Sense of Accomplishment!”
