

STUDENT *of the* WEEK

March 20, 2023

Elmer Maldonado Licona

Elmer is a freshman. His favorite classes are Biology and Math. His favorite hobbies are playing soccer and video games and his favorite food is pizza. Mr. Pulido is a WHS teacher who inspires his academic success because Elmer says, “He is just such a great teacher overall.” Of the “8 Conditions,” Elmer resonates most with **Sense of Accomplishment**, and **Confidence to Take Action**. Mr. Mooring says, “Elmer worked very hard to transfer from ELD into mainstream English as a freshman. Elmer is determined to succeed and has persevered even when he is in uncomfortable in strange situations. Despite uncertainty, Elmer has taken risks and followed through with dedication. He continues to work inside and outside of class to succeed in, not only learning a new language, but learning new skills that even native speakers struggle with. I am proud of him.”
