

STUDENT *of the* WEEK

May 1, 2023

Yohana Cubule

Yohana is a junior. Her favorite class is Geometry and her favorite hobby is walking because she considers it relaxing. Her favorite memories at Woodside HS include spending quality time with her friends. In the future, she wishes to travel to Tokyo City, Japan. Mr. Dolan and Ms. Hennefarth are two WHS teachers who she greatly appreciates for their unconditional patience. Of the “8 Conditions,” Yohana resonates most with Sense of Accomplishment, Spirit of Adventure, Leadership & Responsibility, and Confidence to Take Action. Ms. Hennefarth says, “Yohana loves taking on challenges both inside and outside of the classroom. Yohana is quick to step up and help her fellow students in our Geometry class by translating announcements or activity directions into Spanish in order to help others fully understand. Yohana is great because even though it may be hard to do, Yohana knows that she is taking positive steps to improve her English speaking skills. I can always count on Yohana to be kind, hard working and give maximum effort each and every day in our math community.”

Woodside High School
“Opportunity, Community, Excellence”
