Madeline is a junior on the WHS Girls Varsity Tennis team. She decided to play tennis because she enjoys the mental and physical challenges of the sport. Madeline’s favorite parts of tennis are playing with her doubles partner and encouraging her teammates.

Of the “8 Conditions,” Madeline resonates most with Belonging because the team is full of amazing people and they all support each other during matches.

In the future, Madeline hopes to go to college and her goals for this tennis season are to improve her endurance and do well in the PAL tournament.

Madeline balances tennis and academics by making sure she has enough time to do her homework.
