

ATHLETE *of the* WEEK

September 6, 2021

Maceo Latimer

The Athlete of the Week is Maceo Latimer. Maceo is a senior and plays safety on the WHS varsity football team. Maceo likes football because he loves playing all kinds of different positions and loves hanging out with his teammates at practice and after games. In addition, football also allows him to push himself and he says, "It never gets easier no matter how much I improve." Maceo's goal for this year is to improve on his tackling and receptions. Next year, he wants to continue playing football competitively at a community college. He balances his academics with football by finishing his homework right after practice. Maceo feels a **Sense of Accomplishment** after every football game because he watches film in order to fix his mistakes and get better for the following week.

Study hard, practice hard, play hard!
