

# STUDENT *of the* WEEK

**September 20, 2021**

*Nico Clavel*

Nico is a senior. His favorite class is AP Art and his favorite extracurricular activity is creating art. His favorite food is *real* and authentic sushi. In the future, Nico wants to major in art and dedicate himself to an art related career with the hope of inspiring others to unlock their inner creative potential. Mr. Stiltner is a WHS teacher who inspires Nico's academic success because, "He makes me want to be a better person and do my part to help the environment." Of the "8 Conditions," **Curiosity and Creativity** is his favorite because he says, "Being creative is awesome. People should be more creative and not be limited with their creativity." Mr. Stiltner says, "Nico [sees] that it [is] important to be inclusive and help others around him and his efforts are appreciated!"

**Woodside High School**  
***"Opportunity, Community, Excellence"***
