

STUDENT *of the* WEEK

September 6, 2021

Alya Madhani

Alya is a Sophomore. Her favorite classes are Calculus and Spanish. Her favorite extracurricular activity is running around her neighborhood. Alya's favorite food is fried chicken. In the future, Alya wants to go to college to learn how to work with wildlife and preserving the environment. Mr C. and Ms. Dorsey are WHS teachers who inspire her academic success because of their passion for their teaching and their ability to make the class fun. Of the "8 Conditions," Alya's favorite is **Sense of Accomplishment** because she works hard in whatever she tries. Mr. C says, "Alya demonstrated **Leadership and Responsibility**, **Heroes**, and most of all, **Confidence to Take Action**. I was blown away by her willingness to stick around all summer and help with the Compass program, talking with incoming freshmen, and helping with the lunch line."
